

## Please Read Carefully Filling Instructions

# *The Eternity Heart*

MEMORIAL JEWELRY

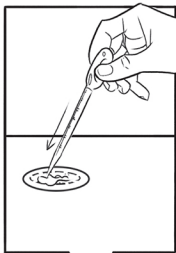

### Step 1

Insert the open end of the "Fine Cremains Pipette" sideways into the cremains. Gently and slowly pump the bulb end of the pipette five (5) times. The fine cremains will be pulled into the pipette.

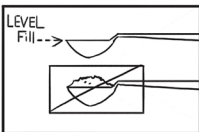

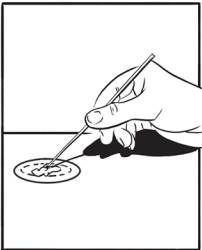

### Step 2

Empty the contents of the pipette into the "Fine Cremains Circle" below.

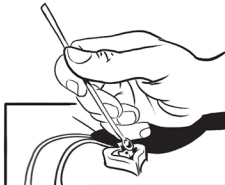

### Step 3

From the "Fine Cremains Circle", measure one (1) LEVEL scoop (10 mg) of fine cremains with the blue cremains scoop.

### Step 4

With the pendant laying flat, carefully pour cremains into the Eternity Heart chamber.

Using the toothpick supplied, clear away any cremains from the chamber ledge.

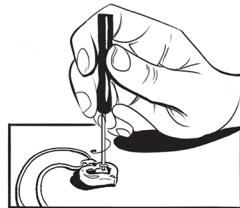

### Step 5

Keep the pendant laying flat. Use the screwdriver and the "No Mess" self-locking screw to close the chamber.

Tighten the screw until flush with the inner heart. (Do not overtighten).

The Eternity Heart "No Mess" patented self-activating sealing technology will permanently seal the chamber within six hours.

**Can be worn immediately.**
